

All campers must be registered with FSS ODR to utilize this camp area.

Sewage Procedures (Campsites have their own sewage hook-ups):

Connect hose to holding tank and insert other end in drain line. Sewage connection is not a sewer/septic system. The drain line flows into a holding tank. Failure to follow the above can result in clogs and backups. **Please stay off the covered septic tank area.**

Winter Water Procedures: Water must be shut off. Only turn on to fill holding tanks.

- Park only in designated space; no subletting; all vehicles & guests must be listed in contract.
- RV/Car maintenance prohibited in the campground.
- Notify FSS Outdoor Rec Staff (ODR) immediately for any issues with your campsite or hookup. Do not move to an empty site unless directed to do so; it may be reserved.
- Guests must clean up after themselves and pets immediately and dispose of trash and recycling in appropriate areas.
- Guests & vehicles must depart for 48 hours prior to making another reservation. ***Failure to depart revokes reservation privileges.**
- Vehicle speed limit at FAMCAMP is NTE 5 mph.

Report problems to Range 14 during business hours (609) 562-4676

OR

After-Hour Emergency Phone: (609) 500-4053.

*Power failure/water leak/catastrophic event only.
